## Manual Notice 2010-1

**From:** John P. Campbell, P.E., Right of Way Division Director

**Manual:** Utility Manual

**Effective Date:** December 01, 2010

### Purpose

To update procedures throughout the manual.

### Changes

#### Chapter 1, Introduction:

- ◆ In [Section 1 - Utility Adjustment Overview](#), added abbreviation for Federal Utility Procedure and explained when to use form 1082.
- ◆ In [Section 2 - Overview of the TxDOT-Utility Cooperative Management Process](#), removed text indicating that TxDOT Utility Coordinators typically report to a District Right of Way Administrator.
- ◆ In [Section 4 - Fiscal Responsibility](#), added the option that utility adjustments are compensable under another state statute.

#### Chapter 2, TxDOT-Utility Cooperative Management Process and Subprocess:

- ◆ In [Section 1 - TxDOT Utility Cooperative Management Process](#), made minor text change.
- ◆ In [Section 2 - Right of Way Utility Adjustment Subprocess](#), deleted references to the TxDOT district structure and District R/W Administrator position. Replaced the Utility Joint Use Acknowledgement, Non-Reimbursable with the Utility Installation Request Form 1082.
- ◆ In [Section 3 - Memorandum of Understanding](#), added the eligibility ratio exception of toll projects. Also deleted a reference to TxDOT district structure.

**Chapter 4, Preliminary Planning:** In [Section 1 - District Utility Cooperative Process Meetings](#), modified a reference to the TxDOT District Right of Way Administrator position.

#### Chapter 5, Utility Considerations During Highway Design:

- ◆ In [Section 3- Utility Engineering Contracts](#), changed District Right of Way Section to District Utility Section, and correct minor typo.
- ◆ In [Section 4 - Utility Access, Corridors, and Strips](#), added procedures for utility strips and corrected minor typo.

- ◆ In [Section 5](#), changed title of section from Incorporation of Utilities into the Transportation Project PS&E to Combined Transportation Utility Construction. Added requirement to forward any Advance Funding Agreements to ROW Division, modified wording to be placed at the top of each sub-estimate, and made minor text changes.

#### **Chapter 6, Utility Plans and Specifications:**

- ◆ In [Section 1 - Initial Actions of the Utility](#), clarified subsection title Use of Consulting Engineers.
- ◆ In [Section 2 - Utility Plan Preparation](#), eliminated the requirement to color code two sets of utility plans. Also added the requirements that utility plans show 1) symbols to represent utility conflicts with the proposed highway improvements, and 2) access denial lines.

#### **Chapter 7, Utility Cost Estimates:**

- ◆ In [Section 2 - Estimate Categories](#), added requirement to show the items to be paid in the highway contract or directly to the utility. Modified text to show where quantities and units need to be specified in the estimates. Deleted bullet regarding equipment cost that is based on a percentage of other cost. Added requirement that utility companies maintain an inventory of abandoned facilities on State right of way.
- ◆ In [Section 3 - Contract Work and Consultants](#), eliminated the requirement to show why utility company is using a contractor. Added statement that a lump sum over \$100,000 must be approved by ROW Division.
